

## A+ CONTENT TEMPLATES

These templates have been created for you to use to create A+ Content to showcase your books and their interiors in the Amazon marketplace. This collection includes 6 different templates that will allow you to display your books cover and interior pages in multiple format types. The templates will fit the 1940x600px module in Amazon KDP's A+ Content tool. You can use these templates an unlimited amount of times.

### **STEP ONE: Open the templates in Canva.**

***Note:** You will need a Canva Pro account to have access to all elements that were used to create these templates.*

If you already have an account with Canva, just log in and then click the link below.

If you do not have an account with Canva, **[click here to create one.](#)**

To access the templates, click the link below.

### **STEP TWO: Customise your templates.**

To edit the template, just drag and drop your images into the placeholder images within the templates. Your images will automatically resize to fit the template.

### **STEP THREE: Save your completed images.**

Once you have finished customising your template, click the share button and download as a png or jpg. You can then upload into your Amazon KDP account to create your A+ Content.

**ENJOY!**
